

ERI ECONOMIC RESEARCH INSTITUTE RELOCATION ASSESSOR®

ERI's **Relocation Assessor** is a web-based application that compares cost-of-living levels in over 10,000 areas in more than 200 countries. Calculate relocation bonuses or salary adjustments for transferred employees, view cost-of-living expenditures to determine perquisite or recruitment packages for out-of-state new hires, and get instant access to consistent, comparable, and timely data anytime from a single, online database.

- Quarterly cost-of-living survey data for over 10,000 locations worldwide, including more than 7,300 US and Canadian areas
- Completely customizable worksheet that compares expenditures between base and destination cities
 - Analyze home-to-host expenditure amounts for consumables, transportation, health services, housing, and taxes for any earning amount up to \$1 million
 - Adjust expenditure amounts, and differentials are automatically calculated
- Adjustable variables such as homeowner or rent status, family size, and automobile usage
 - Choose between rental or ownership options to view estimated local home ownership prices or rental costs for desirable locations within city limits
- User-defined average feature that allows you to compare metro areas or areas within a commuting radius
 - Define and create your own geographic area by combining two or more cities
 - Utilize a user-defined average in lieu of a single city in two city or multi-area comparison analyses
- Intuitive cost-of-living by income level table that allows easy comparisons of differentials for multiple salary levels
 - Compare multiple salary levels concurrently for up to 500 locations
- Reporting capabilities with PDF or Excel export options and the ability to create and save different profiles for customized documents

The screenshot shows the 'Two City Cost Comparison' interface. It includes input fields for Housing (Own/Rent, Sq. Ft., Family Size), Automobile (# Owned, Total Value, Miles/Yr), and Tax Residence (United States). The main table compares 'United States Average' and 'Canada Average' across various categories.

Name	Base City: United States Average United States Dollars	Destination City: Canada Average United States Dollars	Differentials: United States Dollars
Consumables	18,859	28,275	9,416
Transportation	7,062	9,205	2,143
Health Services	2,399	2,299	.100
